

School Wallball

Ball + Wall = Wallball

Do you travel off-site for PE? Have minimal space for on-site sports facilities? Pay lots for sports activities and equipment?

Wallball is a low-cost, space efficient sport for inner city schools. Use existing walls in your school to mark out courts – after that all you need is a ball to play. It means PE lessons can take place on-site and playgrounds become spaces for informal sporting activity. Most importantly, it saves you time, money and effort.

New initiative for London. Wallball is a new urban sport for London schools which aims to increase sports participation, decrease obesity and tackle youth exclusion. It comes directly from New York where it is the number 1 city sport with over 10,000 regular youth players. It is fast, fun and

exercises all parts of the body.

A Sport for All. Wallball's low-cost (play for less than £1) and easy accessibility makes it a sport for all pupils, regardless of age, gender or background because pupils can play anywhere. UK Wallball believes that every London child deserves access to regular, high quality sporting opportunities at school and our aim is to support schools to do this.

We aim to support schools with court planning, coaching qualifications, staff training and player development programmes. There are opportunities for all both in the UK and around the world.

Playing

UK Wallball aims to make Wallball available to all schools through coaching opportunities, competitions and support. **Wallball In A Box** is a new initiative being launched to allow schools to get the equipment and resources to access Wallball.

School Coaching. We offer Intro To Coaching, Level 1 & Level 2 nationally recognised coaching qualifications. These are great for both staff and for the professional development of senior pupils. We can facilitate your staff to deliver wallball as an activity for PE lessons, break time and after-school activities. We also have highly trained coaches who can come into schools if desired.

Please contact us for more details at:

Competitions and Development. UK Wallball run a range of competitions, and with our partners across Europe

there dozens of great experiences to be had every year. We can also help to arrange inter-school matches for schools.

Development

UK Wallball has a range of packages designed to make the sport sustainable in your school. By the end of each package, we guarantee that:

- All pupils will have had a great time
- Your school will have courts marked out
- Your teachers will be trained UK Wallball Certified Coaches
- You will receive lesson plans and valuable resources
- You will participate in a UK Wallball competition.

We guarantee your pupils will be happy, your staff will be trained and everyone involved will have brand new opportunities at their doorstep.

Contact

If you are interested in bringing Wallball to your school please do contact us.
